

Defining Dementia: Communication and Activity Engagement

Tuesday March 23, 2010 2:00pm to 4:00pm
Presenter: Lori N. Waldberg MSW, LCSW

This program will assist participants in gaining a better understanding of dementia and communicating with someone affected by the disease. Discussion will include understanding appropriate communication techniques and developing appropriate activity programs for individuals and groups with dementia.

Upon completion of this workshop, participants will:

- Be able to explain dementia and name 3 common behavioral symptoms
- Understand effective communication techniques for people with dementia
- Able to identify 3 appropriate communication techniques for people with dementia
- Identify 3 group and 3 individual activities that can be utilized with people with dementia

The workshop will be from 2:00pm to 4:00pm with registration from 1:30pm to 2:00pm. Participants will receive copies of all handouts, presentations, and reference material.

You may also register on-line by using all major credit cards by visiting our C.A.R.E.S. website: www.clinicaladvisorsllc.com click on What's New
